

ACDR2024 WEBSITE REGISTRATION GUIDE

1. Please go to <https://acdr.adrc.asia/home/acdr2024> and click on [Register Now!]. Enter any ID and password you like. You can NOT use the same ID and password as previous conferences hosted by ADRC (past ACDR conferences, Tsunami Seminars, DRR Seminars, etc.).

In the screen that appears, enter the necessary information. You can enter any ID and password you like, as long as it is not the same as used in previous conferences. All fields marked with * are required and must be filled.

2. This conference will be held as a hybrid conference so please do not forget to select whether you are participating onsite (face to face) or online.

The image shows a registration form. The 'Mode of Participation *' section is highlighted with a red box and contains two radio button options: 'Onsite (face-to-face)' and 'Online'. Below this, there are two 'E-mail Address *' input fields, both containing 'email@adrc.asia', with a 'Confirm Email' label below the second field. A green 'Submit' button is located at the bottom of the form.

3. [This step is for delegates from Member countries ONLY]
If you are attending the conference as a part of the delegation from the Member country, please check the checkbox for [Counterpart of the ADRC Member].

The image shows a checkbox labeled 'Counterpart of the ADRC Member' which is checked. The text next to the checkbox reads: 'I'm from a counterpart organization of the ADRC member countries.'

If you have checked this checkbox, the secretariat will change your registration status so that you can add additional information necessary for Member Country participants to your profile page. Please allow at least one workday for the status to be changed.

4. After you have filled in all the necessary information, click [Submit] at the bottom of the page.

5. Registration confirmation will be sent to your email.

*ACDR2024 Secretariat may contact you according to your registration information.
